Footlights, Fiesta and Heartbreak

There's a flap in San Diego involving the Fiesta del Pacifico organization and the San Diego Association of Advertising Agencies.

The Advertising Agency Association executives charge that the Fiesta del Pacifico committee has by-passed San Diego talent and hired a Los Angeles firm to develop a theme and a program for another fiesta-type celebration in San Diego. The fiesta would be part of a larger celebration marking the 200th anniversary of San Diego City in 1969.

The Fiesta committee came up with $14,000 in funds found to be left over from the Fiesta several years ago. It was this sum that was set aside for the survey.

The Association of Advertising Agencies fired off hot letters to city officials, and to newspaper editors, hoping we suppose, to capture the attention of writers who have a soft spot in their hearts for the philosophy of buying it at home.

John Quimby, head of the Small Business Administration in downtown San Diego and chairman of the Fiesta Committee, popped right back with the explanation. He pointed out that the firm they chose was the same firm that worked for the Fiesta del Pacifico six years ago. The firm had since moved to Los Angeles, but, he remainded, so had Art Linkletter, who is active in San Diego from time to time. The Los Angeles firm has all the records from the original job and is San Diego oriented, Quimby pointed out, and he claimed it made sense to have continuity.

Joe Neiser, secertary-treasurer of the Agencies Association, insists that there are many capable San Diego firms ready, willing and able to do the job that any Los Angeles firm can do. What's more, he says, it backs up the "Try San Diego First" slogan.

All of which proves only a small point. While the Fiesta undoubtedly will be a joyous affair, there are tears and heartbreak behind the footlights.

Runaway Inflation Nearing

Representative Charlotte T. Reid, R.Ill., had some bitter things to say about President Johnson's poverty program recently.

She, with the unerring instinct of a housewife, could feel the force of inflation taking away from the poor as fast as the Johnson Administration was supposed to hand it out.

Said Mrs. Reid, bitingly, "We have been hearing a lot lately about the war on poverty. As a homemaker as well as a member of Congress, I believe that war has already been lost in the Nation's grocery stores."

She is backed up by the labor department in its report that cost of living in April took its biggest jump since last July.

Inflation, until it reaches the runaway stage, is subtle and insidious. The cost of living advanced only three-tenths of one percent, but that is the reason it is so dangerous. Few people are aware that the cost is rising as long as it is gradual. But pile one small increase upon another and the sum total is very formidable.

Of all the factors bringing about inflation, a debt-ridden government contributes to the condition the most. The government supplies the inflationary pressure by boosting the debt and boosting the money supply. And government economists try to make the condition more palatable by telling citizens that it is only money we owe ourselves.

That is true, but only to a small degree. There is a very real collateral cost and it was voiced by Representative Reid in her grocery store statement.

If a person is impelled to quarrel with this reasoning, let him insist to his grocery store operator that the prices on meat and potatoes—the staples of the poor— be reduced. If the operator answers the complaint completely, he will be giving the shopper a lesson in economic science—a lesson the Administration appears to be ignoring completely as the tide of inflation grows stronger.

Pastor from Pasadena Assigned to L.G. Post

The Rev. Frederick H. Strathdee will present his first sermon to the Lemon Grove Methodist Church Sunday. He comes to Lemon Grove from St. James Methodist Church in Pasadena, by appointment of Bishop Gerald Kennedy of the Southern California - Arizona Conference. He replaces Dr. Jordan Detzer, who was transferred to Monrovia.

Reverend Strathdee and his wife, Lorraine, have three children: Laurie 13, Kathie 18, and a married son, James. James is Director of music at the First Methodist Church in Los Angeles. Reverend Strathdee has a master's degree in theology from Southern California School of Theology and has served pastorates at Independence, Big Pine, Ocean Park, Indio and St. James. Mrs. Strathdee will enrich the congregation with her vocal talent.

After the high school Methodist Young Fellowship organization had a year of intensive training in folk singing at St. James, Reverend Strathdee and his wife took these young people on an American Heritage Tour of the United States in the pastor-driven bus.

Previous arrangements had been made with Methodist churches across the country for the group to sing for its supper. Reverend and Mrs. Strathdee agree that this was an enriching experience for all.

Reverend Strathdee has travelled through thirteen countries of Europe including Poland and Russia and has taken a trailer trip through Mexico.

Dr. Detzer and his family are moving to Monrovia this week.

Fire, Ambulance Runs Made Mainly For Youngsters

Youngsters continue to play a big part in the activities of the Spring Valley Fire Department, both in fires and ambulance calls. Four-year-old Allen Scrubbs, son of Mrs. Peggy Scrubbs, 1145 Carlsbad, according to the fire department report, was playing with matches June 25 in a bedroom closet, which started a fire in the house. Main damage was caused by smoke and heat.

On June 24, at 534 Worthington, a pickup truck belonging to Glen Kitchell had the cigarette lighter stick, causing damage to the wiring.

Two boys playing in the Edgewater district on June 26 pretended to be camping and lit a fire, but it was out by the time firemen arrived.

There was a grass fire on the property of Mrs. Mildred Kenard, 8618 Jamacha Rd. It started after someone had lighted a road flare and tossed it onto the property. No damage was reported.

Two teenage boys, Richard McNeely, 17, of 3630 Birdie Dr., Brookside (La Mesa), and Greg Flow, 16, of 3666 Fairway Dr., Brookside (La Mesa), were given first aid and taken to Grossmont Hospital. June 27 after their cars collided at 9212 Campo Rd. Their injuries were slight, it was reported.

Michael Fitzurke, 58 of 3821 Rogers Rd., was taken to Grossmont Hospital June 27 after illness.

Toddy Moss, son of Mr. and Mrs. Terry Moss of 935 Broadview, was taken to Grossmont Hospital, June 25, after an arrow with which he was playing became lodged in his throat.

A fingernail on the hand of three-year old Laurie Lawrence, of 9706 Ivanhoe, was partly broken off, June 25, after a playmate had dropped a piece of wood on the hand. She was given first aid and taken to Grossmont Hospital.

John Cannon of 2400 Central was taken to Grossmont Hospital June 26, suffering from a back ailment.

Calif. Ranch Pay Nation's Highest

SACRAMENTO A member of Gov. Brown's State Board of Agriculture says California farmers should be praised not only for paying the highest farm wages in the nation, but also for transporting workers from long distances, to meet this year's labor storage.

"You seldom if ever hear this side of the story," Milton Natapoff of Los Angeles told fellow members of the Board at a recent meeting in Sacramento.

"For year our growers have paid the highest wages in the entire United States, and this year they have increased those rates by 25 to 50 per cent, and I think credit is long overdue," he remarked.

The Council of California Growers, meanwhile, reported that "fair to good" workers have been earning from $3 to $5 per hour harvesting lettuce, from $17 to $30 per day pulling tomato transplants, from $20 to $40 per day picking cherries, from $1.50 to $2.85 per hour picking citrus, and from $1.50 to $2 per hour picking strawberries.

"The big question now," observed Board Member Joseph Crosetti of Salinas, "is how long California growers can continue to compete with other states and Mexico where wage rates are considerably lower."

State Employment Director Albert Tieburg told the Board at the same meeting that wages as low as 60 to 70 cents per hour are still common in such states as Texas and Oklahoma.

Driver Sentenced To 30-Day Term In Injury Case

SAN DIEGO (CNA) — A La Mesa man convicted of drunk driving and causing an injury to a Lemon Grove youth will spend as much time in jail as his victim spent in the hospital.

The injured youth is Ronald Berger, 13, of 8011 Darryl St., Lemon Grove, who was hit while walking in a driveway Jan. 30. He sustained a broken leg and was hospitalized for 30 days.

Hulon A. Brwn, 47, of La Mesa, charged by police with hitting the youth and carrying him 56 feet, was granted three years probation and ordered by Superior Court Judge Robert Conyers to spend the first 30 days in jail. Brown was found guilty by a jury June 8.

Witnesses testified that Brown hit a parked car before striking young Berger who was walking with Ronald Wilson of 8406 Golden Ave., Lemon Grove. Wilson escaped injury.

Brown was ordered to pay $968 damages and refrain from drinking in public and from appearing in public four hours after drinking in private; to surrender his driver's license.

Makes Himself at Home

Horace L. Neate, 2379 Berry St., took a dim view of the visitor or visitors to his home while he was out for the evening. When he arrived home after midnight, he told sheriff's deputies, he found the lights on and the TV set going.

Whoever entered, by prying loose the screen on the dining room window, helped himself to a few slices of luncheon meat from the refrigerator, he told officers, and spilled foot powder all over the living room floor. Officers noted in their report that foot powder also was scattered in the tomato field outside the house.

Charged with Prowling

Sheriff's deputies arrested Douglas Mason Reese, 8150 Lincoln, at Hadley's Advertising Co., 7748 Broadway, after R. B. Hadley called the Lemon Grove office to report that a man was peering through the venetian blinds in front of the building at 1:20 a.m.

The officer reported that Hadley told him he heard someone walking up and down behind the building and when he asked the man what he was doing there he said he was "just passing through," but that the man then went to the front of the building and peered in through the blinds.

Fireworks Ban To Be Enforced

It is unlawful to use fireworks in the unincorporated areas of San Diego, both the Lemon Grove and Spring Valley fire departments warn this week.

Aware that fireworks are often obtained in Baja California and illegally carried into San Diego County, fire officials said that it is not only unlawful to shoot fireworks but it is unlawful to be in possession of them.

The law even applies to cap pistols and sparklers, but enforcement officers have been lenient about enforcing the law pertaining to these popular items.

Fire Department officials said that those in possession of fireworks would be liable for arrest as specified in the State Health and Safety Code. Regarding specific information, Fourth of July celebrants are urged to contact the departments at 466-0564 or 463-0209.

Small Fair-Goers Get 'Good Willy' Tags

Goodwill Industries of San Diego County, in cooperation with the Girl Scout Council of San Diego County is helping to reunite lost children with their parents at the San Diego County Fair, which continues through Monday.

With the parents' consent, Girl Scouts will pin the "Good Willy" I. D. tags on each youngster as he enters the fair grounds. The tag reads, "If my parents get lost, take me to the first aid station here on the fair grounds." At the first aid station, the management locates the parents.

Charles Spisak, public relations director of Goodwill Industries, reported that last year, of 604 lost children under the age of 8 who were reunited with their parents, 99 percent were wearing "Good Willy" I. D. tags.

State to Test Negligent Drivers

Research on a group of 10,000 negligent drivers in California will be undertaken starting July 1 by the California Department of Motor Vehicles, Thomas Bright of Sacramento, the director, told the annual motorist Division banquet of the San Diego County Optometric Society Tuesday night, June 22, at the Town and Country Hotel.

Among the publishers attending was Max Goodwin, publisher of this newspaper. Other guests included judges, chiefs of police, the district attorney, and others.

"Starting July 1, we will segregate a group of 10,000 negligent drivers and test them on 10 different types of personal group approaches and note the reaction in their driving behavior," said Bright. "This will be the most ambitious program of its type ever undertaken by any state."

Bright also said that this state's population is growing at the rate of 60 new residents per hour. He said the department expects to have 16 million licensed drivers and 18 million registered vehicles by 1980.

Deeds Being Drawn To Convey Broadway's Side Strips to County

Deeds were being drawn up this week on property along the Broadway business district in Lemon Grove to convey title to the County of San Diego. The property in question is between the right-of-way of Broadway itself and the sidewalks in front of business establishments.

A decision to proceed with the plan of deeding this paved area to the county was made at Friday's meeting of the Lemon Grove Landlords' Association which was attended by about 15. The group's president, Charles Kerch, said this week: "I think everyone's in agreement on dedicating their property and deeds are now being drawn."

Cleaning a Problem

This action grew out of a search by Lemon Grove business men on Broadway to find a way to keep the parking areas swept, free of litter, and in repair. Kerch said that both Supervisor Henry Boney and Assistant County Counsel Robert Berry had informed him that the county would have to own the areas before it could take responsibility for sweeping it.

County Roads Commissioner David K. Speer explained that the county would sweep the areas once every two weeks. Said Kerch:

"We will next explore plans for getting the areas swept on the 'off' weeks, so they will be cleaned up every week." He added that he expects to appoint a committee of about eight to assist in getting landlords' signatures on deeds.

Peace Corps Test Set for July 10

An opportunity for San Diego area residents to offer their abilities to the Peace Corps will come at 9 a.m., Saturday, July 10, Room 219, Post Office Building, 815 "E" St., San Diego.

The opportunity is the Peace Corps Placement Test, which is not passed or failed, and for which you can't study. It measures general aptitude and the ability to learn a language. If, for example, test scores indicate limited language acquiring ability, the Peace Corps tries to place the applicant in an English-speaking area.

The test is used by the Peace Corps only as a tool in the matching of volunteers and jobs. The Peace Corps application is the most important indicator of suitability for Peace Corps service. It must be filled out and brought to the exam unless previously submitted.

Applicants should plan on about one-and-a-half hours at the testing center, unless they wish to take the Spanish or French language achievement test, which requires an additional hour.

SAFETY AWARDS — Sheriff Joe O'Connor last week made presentation of safety awards to officers of the Sheriff's Department for reducing time lost due to accidents. Among Lemon Grove-Spring Valley officers receiving pen and pencil sets at the East County substation in El Cajon, supervised by Lt. W. B. Dovey, were (l to r) Deputy William Davis, Dep. George Penniman, Dep. Grover Nored and Patrol Sgt. Donald Oliver, supervisor for the Lemon Grove area. The county's safety department provided the awards. Certificates earned by the officers for attending special schools also were presented at the meeting.

"God is love; he who dwells in love is dwelling in God, and God in him . . . There is no room for fear in love; perfect love banishes fear . . . We love because he loved us first. But if a man says, 'I love God', while hating his brother, he is a liar. If he does not love the brother whom he has seen, it cannot be that he loves God whom he has not seen . . . he who loves God must also love his brothers."

Missouri Synods Decide To Join A1C, CLA

The Lutheran Church Missouri Synod have decided to become a participating body with three other church bodies in a cooperative agency to unite most of the nations Lutherans in a joint program of Theological study and Christian service.

In a voice vote of approximately 75 to 85 per cent, delegates to the Synod's 46th regular Convention endorsed a proposed constitution for the Lutheran Council in the United States of America and approved partnership in it.

The favorable action by the delegates virtually assured formation of the agency as of January 1, 1967. The 2,600,000 member American Lutheran Church endorsed the LCUSA constitution last October and approval appears certain by the 3,300,000 member Lutheran Church in America next June. The 22,000 Synod of Evangelical Lutheran Churches will act on the proposal next September.

Social Security Question Box

By Guy Deeks

If you have any questions send them to the Editor, the Lemon Grove Review, P. O. Box 127, Lemon Grove, Calif. Your question will be answered by personal letter and your name will not appear in this column.

QUESTION:
I just discovered I have diabetes and must go on a special diet. Are the special foods I must eat deductible?

ANSWER:
No they are not. Be sure, however, to keep records on the amount you spend for drugs or medicines that are prescribed by your doctor. These are deductible.

QUESTION:
I am a young widow with four children. Recenly my oldest daughter, age 17, got married. As instructed, I reported this event to the social security office, thinking that there would be some reduction in the benefits I receive. The Social Security Administration notified me that there would be an adjustment in the checks, but that the family would receive the same amount of money, Please explain this.

ANSWER:
There is a maximum amount that is payable per month on any one social security record. Usually a widow with two small children would receive this maximum amount. If there are more than two children, then the amounts payable to each member of the family are reduced so that the total amount payable will not exceed the maximum amount. Therefore, when benefits to one of your children were stopped, the amount payable to you and the other three children was increased proportionately. When you reach the point that there are only two members of the family entitled to benefits, there will be a reduction in the total amount payable.

Fireworks at Speedway, Modifieds Highlight

Over $100,000 worth of racing equipment will go to the post Saturday night at Cajon Speedway in the 75-lap Modified Sportsmen main event. Twenty of the high-powered speedsters will be in the feature event, and some sprint types are valued at over $6,000 apiece.

Jim Wood, top driver in the San Diego Racing Association so far this season, is set to go in this big program after weeklong car repairs that put him out of action in last week's rounds. His Dean Meltzer Special is over 100 points in front of second place car D. J. Peat Special, driven by Jack Clegg of Santee. With the extra lap show, Clegg could close the gap in one night's work.

Two rookies could provide race fans with a big surprise. Bob McCoy of San Diego and Carl Adams of El Cajon have been two of the fastest cars on the track.

Fireworks Planned

Fireworks will salute the nation's birthday in El Cajon Valley. Track officials and the San Diego Racing Association leaders have made arrangements to provide one of the top displays in the county at the track Saturday night around 9:30.

The fire will be lighted before or after the 25-lap Semi Main, as close to the set time as possible. Special permission was obtained through the efforts of County Supervisor Henry Boney and Airport Director Harry Culver to provide for the El Cajon Valley area a continuance of July 3 fireworks. The El Cajon Firemans Relief Association had to discontinue their project, leaving this display at the track the only one in the valley.

Dear Editor:

Some people are aware of the growing power of the state as the war to overcome individualism continues one of the most important battles is being fought in the field of public education.

At the present time the organizations of the professional educators are the most powerful influence in shaping policy and legislation.

Other powerful groups trying to control education are the labor unions and certain religious organizations. Those control school districts in some sections of our country now.

Federal aid to education and federal control of education is growing. Unification of school districts on a large scale takes the control of schools away from the local community and makes it easier for the power groups to control them. In any event if democracy is to be saved local communities must retain the control of their schools.

If control of our schools move to the federal government then we are destined for a type of collectivism whether the initials are U. S. A. or U. S. S. R.

Citizens should be awakened to the dangers of the forces at work seeking to control their schools. Many districts still control their schools through their local school boards. Local control must be retained and where it has been lost it should be returned.

Word of Advice on Towing Trailer

By Tommy Thomas

Circulating around Our Valley, I have noticed many vacation trailers. Some are parked in yards and others are being readied for trips during the summer. I couldn't help but notice an important bit of information by the California Highway Patrol regarding trailers, which I think is worth passing along:

"If your summer plans include towing a trailer, it's a good idea to review your driving habits as well," California Highway Patrol Commissioner Bradford M. Crittenden said.

"The maximum speed for any vehicle which tows a trailer is 50 mph— subject of course to lower posted limits. Because the weight of the two vehicles is greater, following distances should be increased well beyond the usual one car length per each 10 miles of speed to allow adequate space for safe stops.

"Vehicles pulling trailers are required to drive in the right-hand lane, except when passing or preparing for a left turn. Remember that more clearance is necessary when passing because of increased length.

"Trailer sway can be reduced by using a proper hitch and by suitable weight distribution in both car and trailer. The hitch should be securely mounted—preferably to the frame—and must be strong enough for the weight drawn. It must be supplemented by a safety chain between vehicles.

"If the trailer or its load obscures your view to the rear, two side mirrors are required on the towing vehicle to provide a clear view at least 200 feet to the rear.

"In mountain driving on two-lane roads, slower moving vehicles are required to pull into marked turnouts whenever five or more vehicles are lined up behind."

Ron Wescott, MV Ballplayer, Began In Little League

By Tommy Thomas

Another former Little League baseball player of the Spring Valley area is on his way to the top. He is Ron Westcott, graduate this June from Monte Vista High School.

He was catcher on the County All Star High School team, which tangled with the City All Stars at Westgate Park recently. Although the City team shut out the County boys, 3 to 0, it was a hard battle, with the rural team showing some good pitching, and with Ron behind the plate doing an excellent job.

Ron, son of Mr and Mrs. Perley C. Westcott of 3755 El Canto Dr., began his baseball career with the Cajon de Oro league back in 1957, when he was ten years old. He was a catcher then, playing with the minors.

Advancing to the majors he put in three years with C. D. O. League. From there he advanced to the Pony League of La Mesa. (Spring Valley had no Pony League at that time.) He played two years in the Pony League, then went on to Colt League of La Mesa, playing two years there. Last year he played with the 17-year-old team.

He has been the varsity catcher for Monte Vista since he started at that school, and rated baseball letterman. He had an overall hitting average of .382 during his freshman year. In 1965 his average dropped to .370, with 27 base hits.

Ron has signed up at Grossmont College and hopes to continue in baseball. He said he wants to be a pro. He will major in business administration at Grossmont College.

An older brother, Rod Westcott, who is taking a pre-med course at San Diego State College, was another who saw action in little league and pony league baseball and high school baseball as a pitcher, first and in high school as short stop and third baseman.

He since has "hung up his glove."

A younger brother, Robbie, who attends S. V. Junior High School, is a catcher in Pony League. And the youngest son, Roy, is with Cajon de Oro Little League. He attends Casa de Oro Elementary School.

There are also two daughters in the Westcott family, Jacqueline, who is an adult, and the youngest, Debra, who is 10.

Officers Installed By S.V. Chamber

The Spring Valley Chamber of Commerce, at its installation meeting Monday night, voted to hold weekly executive committee meetings. Installed as the new president, Henry (Hank) Richardson, announced that his first order of business will be the appointment of committees.

In his farewell speech, the outgoing president, Richard Allen made four major recommendations. One was that the executive committee meet weekly.

Allen also recommended: That a major push be placed on the following programs: 1) membership growth; (2) good programs at meetings; (3) business opportunities in the Spring Valley area; and (4) a complete separation of the ownership and management of the Chamber's property and the C of C Hall, possibly under the management of the Spring Valley Historical society.

It was pointed out that this would in effect make the chamber's building and grounds a community center.

Fifth Duplex OK'd For Rosedale St.

SAN DIEGO (CNA) — The Board of Supervisors Tuesday granted J. C. Nelson an area reduction to enable him to build a fifth duplex on his property at 9110 Rosedale Dr., Spring Valley.

Nelson had requested a variance that would permit him to add two duplexes at the rear of the lot now containing four duplexes.

The County Planning Commission recommended Nelson's alternate request of one duplex, pointing out that the R-2-A zoning permits two dwelling units to each 6,000 square feet.

To accommodate addition of one duplex, the supervisors reduced the 24,000 square foot requirements for the existing four buildings to 21,800.

Off to Alaska

Trina Gerdes, daughter of Mr. and Mrs. Charles Gerdes, 10642 Garden Wy., Spring, Valley, left for Anchorage, Alaska, this week. She and other Methodist young people will be working in a Methodist youth camp for about six weeks. Participating in the program are churches of the Southern California - Arizona district.

Miss Gerdes is a 1963 graduate of Monte Vista High School and will be a junior at Cal-Western this fall.

Luxemburg's population is only 330,000.

Permanent Zoning Eyed For La Presa Area

SAN DIEGO (CNA) — The County Planning Commission Friday set a public hearing to consider permanent zoning for North La Presa, a subject that has generated considerable controversy.

The area is interimed zoned single family in the north two-thirds and duplex in the south.

The hearing will be at 2 p.m. on July 23.

The tentative zoning plan that will form the basis for the hearing shows some commercial and manufacturing zoning along Jamacha. There is also multiple family zoning in the southern portion.

Roger Courtney, chief of the advanced planning division, said that there appears to be general agreement in the northern portion but not in the south.

TAX TALK

Your Income Tax Questions Answered

By Wm. H. Peeples

This column is published by this newspaper as a public service. It is prepared by Los Angeles District of Internal Revenue Service on the basis of the questions the people of Southern California are asking IRS.

QUESTION:
My refund check is made out to both me and my wife. Do we both have to endorse it?

ANSWER:
Yes.

QUESTION:
What happens if I fail to file employer's tax returns and pay the social security taxes I owe on the wages I pay my cleaning woman?

ANSWER:
If an employer does not report wages and pay the social security taxes on them, the Revenue Service will require the delinquent employer to pay the back taxes with penalties and interest. Each year, Internal Revenue traces many delinquent employers and collects taxes and penalties on approximately $21,000,000 in unreported wages. The employee will generally be entitled to full social security benefits based on the wages earned. You can get copies of Form 942, "Employer's Quarterly Tax Return for Household Workers," from your local Internal Revenue Service office.

QUESTION:
We are opening our home to several city children this summer. Will we be able to claim any deduction for them?

ANSWER:
If you have them with you only for the summer, there is no deduction you can claim for them. In order to claim them as dependents, they must be members of your household, live with you for the entire year, and obtain more than half their support from you during the tax year. However, a charitable deduction is allowable under certain conditions for the cost of maintaining in your home any full-time student, other than your dependent or relative.

QUESTION:
I've been requested to come in for an audit of my return. Why can't this be done in the local office I go for information?

ANSWER:
Probably the local office you refer to is only a one-or two-man operation.
Audit personnel are usually only located in offices where the volume of work makes their employment practicable. In most cases, audit personnel are located at offices convenient to taxpayers so that long trips will not be necessary.

QUESTION:
If I have a gardener during the summer months do I have to pay Social Security taxes on his wages?

ANSWER:
If you pay the gardener $50 or more during a calendar quarter then you are required to report wages and pay social security taxes on them. This will be the case for any person you hire to perform services for you about your home. Besides maids and gardeners, it includes chauffeurs, cooks, governesses and handymen.
Details on these reporting requirements are contained in Circular H. Copies of the Circular and Form 942, "Employer's Quarterly Return for Household Workers," may be obtained at any local Revenue Service office.

Two Mt. Miguel Graduates Enlist for Army Service

Two June graduates of Mt. Miguel High School have enlisted in the U. S. Army, it was reported this week by M Sgt. Edward R. Edwards, head of the El Cajon Army recruiting office.

They are Leonard James Newman, 18, whose parents live in Arizona but who was living in Spring Valley, and Doyle Lester Oldham, 18, son of Navy CPO and Mrs. Lester O. Oldham.

Both enlisted under the Army's "choice guaranteed before enlistment" program. Newman was enlisted for Armor/Europe, while Oldham enlisted for the Army's Airborne, where he will be trained as a paratrooper. They are presently at Fort Polk, La., where they will undergo basic training.

According to SFC Daniel J. O'Keefe, who shares management of the recruiting office at 356 N. Magnolia Ave., El Cajon, "applications during June for Army enlistments have far exceeded the expectations and quotas assigned to the El Cajon station."

Sergeant Edwards added: "Young men fresh out of school are seeking jobs. Under the Army's program that offers written guarantees in fields of interest to qualified applicants, this gives them a wonderful opportunity to learn a trade or professional skill while they serve their country.

"With experience behind them, they will be able to get better paying jobs when they return to civilian life. Term of enlistment is for three years with few exceptions."

For more information about the Army's "choice not chance" program, interested young men can visit the recruiting station or call 442-5700.

Sensation Turned Nuisance

The water hyacinth, a native of South America, was brought to New Orleans for the 1884 Centennial Exposition, and created a sensation. Seedlings were carried to Florida and put out. Now, however, they are considered a nuisance to navigation, health and wildlife.

IN DETROIT — Among 140 of the nation's top student auto mechanics competing in last week's Plymouth National Trouble-Shooting contest in Detroit, Mich., were two Mount Miguel students. Checking over an engine identical to the one on which they worked are (l to r) Magnus von Braun, Chrysler-Plymouth sales executive; Gary Reiter, 3465 Fairway Dr., Lemon Grove; and Joseph Piraino, 2345 Sweetwater Rd., Spring Valley. Their instructor, Dan Loreman, is at right.

M.M. Students in 'Trouble-Shooting' Finals in Detroit

Four boys from Anaheim, Calif. and Philadelphia, Penna., were proclaimed America's champion schoolboy auto mechanics at Detroit, Mich., last week when they won the National Finals of the Plymouth Trouble-Shooting Contest Their victories won classroom training aids valued at $2,000 for each of their schools and college scholarships worth $1,500 for each boy.

Competing in the Vocational class and posting the day's top performance by finding and fixing in only 47 minutes the 10 malfunctions hidden in their car were Christopher Hoyt, 18, of Rossmoor, Calif. and A. Fred Smith, 17, of Cypress, Calif. both from Western High School, Anaheim.

The same problems were solved in 124 minutes by the Industrial class winners: Glenn Burg, 18, and John Edling, 17, from Roxborough High School in Philadelphia.

Two Mount Miguel High School students, Gary Reiter of 3465 Fairway Dr. and Joseph Piraino of 2345 Sweetwater Rd., also competed but did not win any of the first five places. They were accompanied to Detroit by their instructor, Dan Loreman.

Championships in the two classes were determined by the speed and accuracy with which the two-man teams analyzed and corrected the deliberately-placed malfunctions, which were identical in each of the 70 cars. Each team had won a regional or state contest to qualify for the three-day trip to the Nationals. A total of 18 boys won scholarships.

OUTSTANDING — Spring Valley Junior High School eighth graders (l to r) Daniel Ford, Kethleen Eulitt, and Kathleen Phillips are shown here after receiving the "Outstanding Student" awards at the school's June 18 promotional exercises. Many at S.V. Jr. High Outstanding

"Hold on to proven heritage and reach eagerly for the exciting future," was the advice given June 18 to 526 graduates of Spring Valley Junior High School. Harl Brown, former principal and now the acting director of personnel for the La Mesa-Spring Valley School District, was speaker for the services.

Details of the exciting future were spelled out by Glenn Murdock, superintendent of schools, in his traditional message to the graduates. Murdock reviewed the achievements in the exploration of space since the year 1956, the year this year's junior high graduates were enrolled in kindergarten. He complimented the graduates for their scholastic achievement and predicted success for them in the future.

Kathleen Phillips, Kathleen Eulitt and Daniel Ford received American Legion awards for being voted by the faculty as the school's most outstanding students. Kenneth Perkins, American Legion La Mesa Post 282, made the presentation.

CANADIAN WATERSHED

Canada is proposing to make the Rocky Mountain watershed into a system of cross-continent canals and storage reservoirs because of an anticipated water shortage in both Canada and U. S. Both countries are facing a demand for water that may be tripled by the year 2,000 and doubled by 1980.

L.G. Jr. Hi Fetes Two Top Students

Two boys and two girls gained top honors in citizenship and scholarship at the Lemon Grove Junior High graduation exercises this June. The annual awards, long a tradition at the school, highlighted the brief but colorful ceremonies that saw 216 eighth-graders promoted to area high schools.

Janis Lehew, daughter of Mr. and Mrs. Clarke F. Lehew, 8102 Lincoln St., Lemon Grove, was awarded the top scholarship honor by Principal Robert Sutton. Her straight "A" record earned her the Kiwanis Scholarship Award, a U. S. Government savings bond.

Leading the boy graduates with an outstanding record in citizenship achievements was Charles Wynn, son of Mr. and Mrs. Lester Balgaard, 7101 Boulevard Dr., La Mesa.

Highest citizenship honors for girls went to Carla Hollowell, daughter of Mr. and Mrs. John F. Hollowell, 7855 Lincoln Street.

Names of both citizenship award recipients will be engraved on a perpetual trophy established at the school in 1946. Byron Netzley, superintendent, made the presentations.

Two music awards were presented by Mrs. William Jackson, first vice president of the Lemon Grove Women's Club Juniors These are financial awards designed to promote further study in the field of instrumental music. Winners were Carla Hollowell, cello player, who also took citizenship honors, and Thomas Higdon, trumpet student.
